- 16.2 hands

Dutch Warmblood, Bay, Mare, 8 years, 16.2 hands, Darco /Grandeur mare, Sweet natured 100% safe in all ways. Low mileage competition record through no fault of her own, Currently jumping 1.10/1.15 but will easily progress up the grades, This lovely mare is for sale due to my own situation. I bought her to take to Spain last year and she was wonderful. Imported from a Dutch breeder just before where she had only done training shows she got several placings in Oliva at 1.10/1.15 level. Since then she has developed into a stronger fitter horse, now ready to go out with a keen rider. She could easily be an adaptable allrounder although bred to jump! She is not phased by anything, never spooks, kicks out or misbehaves at all. Great for a child coming off horses or a nervous mother starting jumping again or would also turn her hand to dressage, hunter trials. Good with farrier, good to clip, box hack out alone or in company. Caring home sought for this lovely mare. Priced to sell quickly at a big reduction from her cost and, Can be seen / tried with Bryony Ward in Chesham Bucks.
