Description

Developed to be the most outstanding and practical 7,500kg horsebox on the market, the Equi-Trek Endeavour Classic has market leading payload which gives you the ability to legally carry up to three horses or four ponies (depending on size and weight). The brand new Isuzu chassis is quiet and easy to drive, yet powerful and economical.

The stunning aerodynamic body has a spacious over cab sleeping area which is light and airy. The L-shaped seating arrangement making up the dining area can be converted into a second double bed. The handcrafted kitchen is complete with gas hob, sink with electric water supply. Two tall wardrobes provide storage suitable for all your clothing. The large separate bathroom area The bathroom is fitted a shower cubicle, electric flushing toilet, wash basin and vanity unit making it ideal for staying away overnight for extended periods.

Outside there are three large tack lockers providing ample storage for all your tack and equipment. The fully partitioned horse area is fitted with safety loading doors and easy-lift gas assisted ramp.
