**Description**

The Weatherbeeta ComFiTec Plus Dynamic Combo Lite is constructed with super strong and durable 1200 denier with a tripple weave outer shell and a repel shell coating which is both waterproof and breatheable, meaning your horse stays protected from the rain and comfortable. The ComFiTec Plus Dynamic Combo Lite has elasticated, adjustable and removable leg straps, together with a traditional side gusset ensures a secure and comfortable fit allowing your horse to have natural movement and prevents rubbing on the shoulders. The memory foam wither relief pad contours to the horses shape and lifts the rug off the withers, preventing it rubbing and getting sore. The Weatherbeeta ComFiTec Plus Dynamic Combo Lite features reflective strips on both sides at the front of the rug and on the tail flap for extra visability at night.
