● Horseboxes ● Trevett and Smith ● Master ● 2

Description

Super lightweight and strong 3.5 tonne horsebox with a class leading payload of 1350kg which can also be uprated to 1750kg. This is based on a Renault Master/Vauxhall Movano chassis up to 2010.

All builds come with a full height safety bulk head which separates the horse and living compartment stopping the horse entering the living/seating area.

Specification

- :Two stalls, rear facing
- :Full or half height partition
- :Grooms door to the horse area
- :Fully sealed EVA on the walls and floor
- :Horse and reverse camera
- :Red LED night lighting
- :Strong and easy to lift side ramp
- :Choice of exterior paint and graphics
- : Exterior LED Lighting
- :7ft 11inch internal height
- :Roof ventilation
- :Reinforced bulkhead behind cab
- :Seating area
- :Large storage area

This is a complete build price including chassis.
Build slots are now available for 2019.
Prices are subject to VAT.
