A handsome Chestnut gelding. He is a very easy horse to handle in and out of the stable. He likes to be groomed and fussed.

He's jumping 70cm at home and could easily go further but needs a more confident rider.

He's good to hack alone or in company and on country or busy roads and is good in heavy traffic. Can be a little spooky but nothing nasty. Good in open spaces and never strong, snaffle mouth.

We've been doing a bit of jumping at home but facilities are not great. He's been doing well and has potential as he doesn't refuse even if you get the wrong stride.

For sale as I'd really prefer a more experienced jumper (schoolmaster) and a bigger horse. 16.2 to 17.2h
Part exchange considered.

He's up to date with jabs, worming, teeth, back and has been checked by chiropractor and all good,

Message me for videos and more pictures.
Any vetting and viewing welcome.
