Taz (by Rockrimmon Robusticus, out of Meanoiche) is a 16.1, 6 year old ID gelding. Good weight carrier. Good to catch, clip, good with farrier, vet and dentist, easy to load and travels in lorry or trailer.

Taz is a lovely young horse who is very friendly and loves attention and with a cheeky, inquisitive side to his character.

He has naturally well balanced paces, is well schooled and is ready to compete prelim dressage. His flatwork is improving daily and he is certainly strong enough in this phase for pure dressage or eventing.

He is very bold and easy to ride over plain fences, jumping up to 3ft. He needs a little more confidence over fillers, but has successfully jumped clear at 70 level.

Good with traffic including tractors and large vehicles. Hacks alone and in company, but can be spooky and needs to build his confidence. Hunted two seasons in Ireland but we've hunted him here and he was very strong. Taz needs time to mature, but with the right rider will excel in any sphere. More pictures and video to come.
