

## Fully Serviced Retirement Livery Offered

**£ 240**

📍 Outwood, South East

**Private****07771 870389**

### Description

Mostly 24/7 turnout at grass throughout the year on old pasture in large, open, natural space with natural shelter.

Dry/Open Yard & Stable during bad weather or medical need.

Private Farm/Yard. Daily Care. Daily poo picking done on your behalf. Rugs, fly masks managed, etc on a daily or twice daily basis (as required). Fully attentive to the individual needs of the horse. Will suit owner who wants a quiet retirement for their horse and doesn't have the time to manage that; you can't look after your horse daily but you still want your horse to have that daily care and attention. Like one of the family!

Kept with 1 (mare) or 2 others - Max. This is not a business enterprise; but an honouring of my equine friend and offering the same to another much loved horse. I am BHSIT Qualified but no longer in the scene preferring a communication based relationship with horses these days.

The price includes the daily care (my time) and base costs (field rent). Hay and straw when kept in will incur additional costs but no extra mucking out fees, etc.

OUTWOOD, Surrey
