- Liver Chestnut
- Mare
- 14 hands

Description

To stay at current yard in the Wythall area.

Whisper is a lovely 14.0 Welsh Section D chestnut mare and so gentle. She is 21 years young but still full of life.

Whisper is sadly being put on loan as don't have as much time for her, and can't give her the time she deserves at the moment. She could be a novice ride but with plenty of work she would be fine. She hacks out well and is sound with traffic. She can nap a bit while hacking but after regular riding will soon snap out of this. Whisper jumps well but will need a bit of encouragement to get back into this. She hasn't been ridden for a while so she will need bringing back into work slowly. She is happy to live in or out but on strict diet (she is prone to Laminitis) Please no more time wasters at all and no one under 18.
