- Predator 16T

Description

Specification

The 16T Lehel retains all the features of the 12T and really starts to tick all the boxes for many professional users as well as busy family teams who are on the showground for the week. The 16T is the only horsebox of its weight on the market that's available with 3 slide outs and 1 pop up, allowing generous overnight accommodation for 6-8 people. The 16T range comes as standard with our super `concussioned` shock absorbing horse floor and triple opening windows system as well as full size under floor storage.
