**Description**

Bridgehaugh Drifter (Oliver) is a 8 year old 16.1/2HH Irish Draught Thoroughbred based in Cumbria. Oli is full of character and a lovely kind horse who loves people. Oliver has previously hunted as a youngster, He has a big scopey jump with masses of potential and lovely elastic paces. Oli was recently registered BSJ, Upon entering his first competition he went on to win his first British novice class! Today Oli was entered in to his first discovery competition and successfully went double clear and placed second in his class. Oli is equally as talented with his flat work and would suit any discipline. He is a highly trainable and genuine horse. He is currently being professionally schooled by Nigel Springer and is back out competing after the recent pandemic, very good confirmation, straight and correct young horse, more videos available upon request. Oli hacks out in company and alone with a confident rider and is very good in traffic. Oli has fantastic manners in the stable and will stand to be tacked up/pampered, he stands nicely for farrier/dentist however does need sedated to be clipped. Oli is up to date in all areas including teeth, back, vaccination etc. Oli is very much apart of our family, therefore the correct home is our main priority very sad sale due to rider and horse not being compatible. This horse is not a novice ride. Price discussed upon request. This is a genuine advert so please no time wasters. Please message me via text/WhatsApp for videos or extra information.
