He has previously qualified for the regional eventing champs and has competed at BE80. He has qualified for Dengie Winter SJ League finals for the past 4 years.

Mac has also been a successful working hunter being placed 5th at Blair WH Championships in 2018. Hacks alone and in company in open spaces around the farm but has not done much roadwork due to our location.

Easy to catch box and shoe.

Mac was diagnosed with the PSSM gene three years ago and has since been on a supplement which is easy to manage with no further issues.

A good home is a priority for this special boy.
