• Chestnut • Gelding • 16 hands • Anglo Arab

## Description

Anglo Arab x ISH

Currently standing 16hh.

Brought direct from breeder as a yearling. Has been quietly back last year.

Hacking alone and in company. Great in traffic.

Popping fillers, water etc seen tractors, pigs, cows etc.

A very gentle kind nature, very good to shoe, box, handle.

Three good balanced paces and very gentle in the month.

Was brought to produce, now needs someone looking for a smart youngster to put their stamp on and enjoy.

He has not been over 'produced'.

He was brought with eventing in mind and will make a very smart juniors horse or small adult.

A great blood type.

A yard favorite.

\*this is a young green horse so will therefore spook and snort!!!\*
