Description

this stunning 12 year old gelding has lots of potential. we have bred him and has since has done show jumping and a little cross country but much prefers show jumping. when in work he jumped a comfortable 1.15m round, works well on flat 3 nice paces. not a novice ride . good to box shoe and clip excluding head. will hack out alone or in company with no issues. looking for experience rider to bring out his full potential due to family commitments this cannot be fulfilled at home. great breeding lines snaffle mouthed up to date with all vaccinations and worming no stable vices open to vetting
