Description

13-year-old 16.2 bay gelding, by Zanzibar out of a Heartbreaker mare. I have owned Gavin for the last 6 years, and in this time, we have jumped up to Foxhunter, qualifying for many national championships, including the Silver League final, and winning many classes.

He is a lovely horse and is now looking to step down to more of an all-rounder, hacking, low-level unaffiliated jumping home. He moves nicely with three balanced paces, hacks well alone and in company, is lovely on the ground, good to travel, clip, catch, shoe, etc., and generally a very easy horse to look after; his only vice is weaving at feed time.

He can be sharp and spooky, so is looking for a confident rider who wants a nice horse to have some fun on. He does have some previous medical history and has been priced accordingly. A good home is the most important thing to me, and it is the least he deserves for the amount he has taught me over the years.
